Martin:

Just a reminder that I will need from Winkelmann an updated (final) financial proposal for his execution of the study. Unfortunately, I can not complete the contract request form until I have it. You had indicated that you expected we would see it by the end of next week. If you learn that this has changed, could you please let me know? I need to keep the contracts team apprised.

Lastly, if possible, Dr. Winkelmann should include with his final proposal his proposed payment schedule. I know we discussed a milestone calculation of sorts, but I think it would be preferable to know if he already has a certain approach in mind. That way we don't add to the cycle time proposing one thing, only to find that he wants something completely different.

If any questions, please let me know.

Thanks as always for your assistance!
